

Floor Boxes Case Study

Kent Stainless In Ground Power Units Marsa Al Seef, UAE

Client	MERAAS
Consultant	ATK Engineering Consultants
Contractor	Dutco Balfour Beatty LLC
Product	In Ground Power Units
Quantity	7 nos.

Al Seef is located near the Al Fahidi historical neighborhood in an area rich in historical sites, and is set to become a focal point for residents and visitors looking for a place to shop, dine and stay. The events plaza at Al Seef will also host a full calendar of activities, ensuring the traditions of a bygone era are kept alive for generations to come.

In Ground Power Units (Manufactured by Kent Stainless) have been supplied on year 2016. These units are recessed which makes them perfect for public realm areas. They also prevent cable clutter during the events.
